

Clermont County Business Owners!

The Clermont County Summer Youth Employment Initiative is offering paid work experiences to the youth and we want your help!

Clermont County Summer Youth Employment Initiative

This is a chance for individuals, aged 14-24, to gain some work experience, soft skills, a reference, etc. For the employer, it is a way to help build a more prepared young workforce and potentially a new employee!

*This is a completely **FREE** service to the employer. All new hire paperwork, worker's compensation, and wages will be handled by Easterseals.*
